

Desert Botanicals® Launches Hand Haven™ Natural Hand Balm on Amazon

Hand Haven's non-comedogenic balm hydrates hands, heels, and elbows for 24 hours, perfect for intensive care.

SCOTTSDALE, AZ, UNITED STATES, June 5, 2025 /EINPresswire.com/ -- Desert Botanicals®, Arizona's premier natural skin care brand, launches [Hand Haven™](#), an all-natural shea and mango butter balm, [on Amazon](#). Crafted for healthcare workers, teachers, and tradespeople, it heals dry, irritated and cracked skin without preservatives or greasy residue.

Unlike conventional hand creams that rely on water, synthetic fillers, and chemical preservatives, Hand Haven features a water-free, plant-based formula designed to heal and protect. Shea and mango butters, rich in vitamins A, C, and E, hydrate deeply and boost collagen for smoother, healthier skin. Six natural oils—arnica, aloe vera, ashwagandha, jojoba, babassu, and lavender—reduce inflammation, soothe soreness, and enhance elasticity. Colloidal oatmeal and vitamin E form a protective barrier, with arrowroot powder providing a silky, nongreasy finish for frequent handwashers and those with demanding jobs.

“

Inspired by the Sonoran Desert's resilience, Hand Haven delivers pure, healing ingredients for hardworking hands.”

*John Ritchie, President of
Desert Botanicals*

Hand Haven's non-comedogenic balm hydrates hands, heels, and elbows for 24 hours, perfect for intensive care. “Inspired by the Sonoran Desert's resilience, Hand Haven delivers pure, healing ingredients for hardworking hands,” said John Ritchie, President of Desert Botanicals. “Unlike

water-based creams that require synthetic chemicals to work, Hand Haven offers natural relief consumers demand.”
