

## Global Autoinjectors Market Set For 22.0% Growth, Reaching \$10.07 Billion By 2029

The Business Research Company's Global Autoinjectors Market Set For 22.0% Growth, Reaching \$10.07 Billion By 2029

LONDON, GREATER LONDON, UNITED KINGDOM, June 6, 2025 /EINPresswire.com/ -- <u>The Business</u> Research Company's Latest Report Explores Market Driver, Trends,

"

It will grow to \$10.07 billion in 2029 at a compound annual growth rate (CAGR) of 22.0%."

The Business Research
Company

CAGR of 22.8%. This substantial growth can be attributed to the increased prevalence of chronic diseases, a growing aging population, the rise of the biotechnology and pharmaceutical sector, more patients preferring self-administration and regulatory support.

What Can We Expect For The Future Growth Of The Autoinjectors Market Size?

The autoinjectors market size is expected to experience

substantial growth in the next few years, reaching up to \$10.07 billion in 2029, with a CAGR of 22.0%. The growth in the forecast period can be ascribed to the expansion of therapeutic applications, rising healthcare costs, increased focus on patient-centric care, the rise of telemedicine and remote patient monitoring, and emerging markets. Major forecast period trends include personalized drug delivery, connected and smart autoinjectors, needle-free autoinjectors, biologic drug delivery, and safety and security features.

The autoinjectors market size has grown exponentially in recent years. It is projected to escalate from \$3.7 billion in 2024 to reach \$4.55 billion in 2025, marking a compound annual growth rate
