#### About Roots and Wings

Founded in 2016, Roots and Wings has been a champion for literacy in Palm Beach County. The nonprofit organization's focus is to improve literacy rates and ensure every child in Palm Beach County has the tools they need to succeed. Roots and Wings' mission is to enhance the educational experience and outcomes for students by providing tutoring, mentoring, and support programs to help students improve their reading, writing and comprehension skills. To accomplish this, Roots and Wings operates two key initiatives: Project Uplift, a free, small group, after-school tutorial program aimed at helping students in grades 1-3 who are reading one or two grades below grade level attain reading proficiency by the end of third grade; and The Above and Beyond Awards, a recognition program that honors outstanding teachers and staff chosen by their peers who go above and beyond to support their students, their school and their community. Today, the organization collaborates with 15 schools, countless teachers and volunteers, and nearly 1,200 students to implement the Roots and Wings programs and create a supportive educational environment.
