Golden Heart Home Care was established to address a critical gap in the industry: the need for services that honor both clients and caregivers equally. With its official launch, the agency begins accepting clients throughout the Northwest Suburban Chicago area.

"After 15 years as a caregiver working with various organizations, I've seen firsthand how the best care happens when caregivers themselves are valued and supported," said Claudia Dankha, Founder and CEO of Golden Heart Home Care. "Our mission is to create an environment where exceptional caregivers can thrive

professionally while delivering the highest standard of compassionate care to our clients."

Dankha's experience as a caregiver helped her identify opportunities to elevate the standard of home care services. Throughout her career, she consistently received the highest praise from

clients and agency owners alike for her dedication and quality of care. This extensive hands-on experience informed her vision for Golden Heart Home Care.

The agency is committed to rigorous hiring standards, ongoing professional development, and creating career paths for caregivers. This approach ensures clients receive care from experienced, well-trained, and personally invested professionals.

Golden Heart Home Care offers a comprehensive range of in-home care services tailored to each client's unique needs.
