“

The Business Research Company's Latest Report Explores Market Driver, Trends, Regional Insights - Market Sizing & Forecasts Through 2034.

”

*The Business Research
Company*

The report forecasts a robust growth trajectory from \$62.87 billion in 2024 to \$68.88 billion in 2025, with a compound annual growth rate CAGR of 9.6%. The [baby care market size](#) is expected to surge further over the next few years, reaching a significant \$102.18 billion in 2029 at a CAGR of 10.4%. This uptick can be attributed to e-commerce growth, digital parenting platforms, the increasing population of working women, and escalating disposable incomes.

In addition to these factors, an uptick in spending on infant care is also contributing to the [growth of the baby care](#)

[products market](#). Parents are investing more in products advocating hygiene and infection prevention. A derivative instance from Selzy, a Cyprus-based cloud email marketing platform, elucidates that American parents with kids under the age of five spent over \$42 billion on childcare in May 2023.
