

# Matia Mobility Joins BlueCross BlueShield Network, Expanding Access to Innovative Mobility Solutions

*Partnering with BlueCross BlueShield marks a significant milestone for Matia Mobility and the community we serve*

SALT LAKE CITY, UT, UNITED STATES,  
June 9, 2025 /EINPresswire.com/ --

[Matia Mobility](#), a leading innovator in assistive mobility technology, is proud to announce that it is now an in-network provider with BlueCross BlueShield (BCBS) as of June 1, 2025.

This new partnership expands access to the [Tek RMD](#), Matia Mobility's groundbreaking robotic mobility device, for millions of Americans covered under BCBS plans.

“

This agreement helps ensure that more people with mobility impairments can obtain life-changing independence the Tek RMD provides with the peace of mind that comes from in-network insurance coverage.”

“Partnering with BlueCross BlueShield marks a significant milestone for Matia Mobility and the community we serve,” said Steven Boal, CEO of Matia Mobility. “This agreement helps ensure that more individuals with mobility impairments can obtain the life-changing independence the Tek RMD provides—now with the peace of mind that comes from in-network [insurance](#) coverage.”

The Tek RMD (Robotic Mobilization Device) redefines what's possible for individuals living with spinal cord injuries and other mobility challenges by allowing users to safely sit, stand, and navigate indoor spaces with unprecedented ease. With coverage now extended

through BCBS, users and clinicians will benefit from streamlined access and reduced out-of-pocket costs.

In addition to BlueCross BlueShield, major insurance providers such as Aetna and

UnitedHealthcare have also covered the Tek RMD, along with the U.S. Department of Veterans Affairs. These growing partnerships reflect a broader recognition of the Tek RMD's impact on quality of life, independence, and mobility.

Individuals wishing to check if they have coverage can now visit <https://www.matiamobility.com> and fill out an Insurance Eligibility & Request Form.

#### About Matia Mobility:

Matia Mobility is reimagining mobility for people with walking disabilities. The all new Tek RMD is a revolutionary mobility platform that makes it possible to independently and safely sit, stand and navigate environments that were once inaccessible, indoor and outdoor, and all at eye level.

With the industry's smallest footprint, users can now go places and reach items otherwise unavailable in a standard wheelchair, whether at home or at work. The Tek RMD fits in small spaces, minimizing renovation requirements and often decreasing overall living costs for someone with a walking disability.
