

# Pre-orders for the 'Cyberpunk: Edgerunners Rebecca' Statue Began June 12, 2025

*Prime 1 Studio has announced the "Cyberpunk: Edgerunners Rebecca" statue. Pre-orders began June 12, 2025 (JST); release set for December 2026.*

ASAKUSA, TAITO-KU, TOKYO, JAPAN, June 13, 2025 /EINPresswire.com/ -- Prime 1 Studio is proud to announce the release of a 1/4 scale statue of Rebecca from the anime "Cyberpunk: Edgerunners," as part of the "Real Elite Masterline" series.

This statue, along with others from David's crew, reflects a unique blend of visual styles from both the anime and the original video game "Cyberpunk 2077." It was originally revealed during Prime 1 Studio's "NEXT LEVEL SHOWCASE XIII," where CD PROJEKT RED Producer Saya Elder emphasized the accuracy of the sculpt and paintwork in representing the visual identity of the series.

Rebecca is depicted with her distinctive twin pigtails, cybernetic arms, and pink tattoos set against pale skin. These features have been recreated with detailed sculpting and paint application to align with her appearance in the anime.

The statue's base is modeled after Afterlife, the bar featured in "Cyberpunk 2077." It includes elements such as LED lighting, reflective paint finishes, a weathered "SAMURAI" poster, and a scattering of in-universe currency (eddis), referencing the atmosphere of Night City's underground scene.

The Deluxe Bonus Version of the statue includes additional display options. These parts allow Rebecca to be posed either with Broseph or wielding the high-powered weapon "Guts." It also includes a counter chair and interchangeable head stands to support multiple configurations. Furthermore, this version includes a bubblegum-blowing head part.
