APAC Bauxite Prices Movement Q1 2025:

Bauxite Prices in China:

China: US\$ 86/MT

In the first quarter of 2025, bauxite prices in China rose slightly, reaching 86 USD/MT in March. The increase was influenced by strong demand from the aluminum industry and tightening environmental regulations. Although domestic production remained steady, higher energy prices

and transportation costs contributed to the pricing trend, while strategic stockpiling helped stabilize overall market sentiment.

Regional Analysis: The price analysis can be extended to provide detailed Bauxite price information for the following list of countries.

China, India, Indonesia, Pakistan, Bangladesh, Japan, Philippines, Vietnam, Thailand, South Korea, Malaysia, Nepal, Taiwan, Sri Lanka, Hongkong, Singapore, Australia, and New Zealand, among other Asian countries.

Europe Bauxite Prices Movement Q1 2025:

Bauxite Prices in Germany:

Germany: US\$ 82/MT

During Q1 2025, bauxite prices in Germany touched 82 USD/MT in March. The moderate price level reflected consistent demand from industrial sectors and a balanced import supply chain. Prices were also influenced by fluctuations in energy costs and regulatory shifts across the European Union, which slightly affected operational expenses and shaped overall pricing direction for the quarter.

Regional Analysis: The price analysis can be expanded to include detailed Bauxite price data for a wide range of European countries, such as Germany, France, the United Kingdom, Italy, Spain, Russia, Turkey, the Netherlands, Poland, Sweden, Belgium, Austria, Ireland, Switzerland, Norway, Denmark, Romania, Finland, the Czech Republic, Portugal, and Greece, along with other European nations.
