The Business Research Company

“

It will grow to \$74.43 billion in 2029 at a compound annual growth rate (CAGR) of 20.8%.”

*The Business Research  
Company*

From recent years' steady growth to a forecasted market size of \$34.98 billion in 2025, the Digital Payment Gateways Global Market exhibits a promising CAGR of 21.1%. This revitalized vigor in the digital payment gateways market size could be attributed to several key drivers, including accelerated smartphone penetration, government initiatives and digital agendas, the burgeoning fintech startups scene, improved internet infrastructure, and merchant demand for multi-currency support.

Which Factors Will Influence Digital Payment Gateways

Market Growth In The Near Future?

As detailed in The Business Research Company's Latest Report, there's even more rapid growth predicted for the future, with market size estimated to reach \$74.43 billion by 2029 at a compound annual growth rate CAGR of 20.8%. These projections are underpinned by factors such as the consumer shift towards cashless transactions, the focus on sustainability and paperless transactions, the rising popularity of buy now pay later BNPL, the increase in B2B digitalization, and the growth in the subscription economy.

## What Are The Core Growth Drivers Of The Digital Payment Gateways Market?

The market's continued growth eclipse in the coming years hinges on several emerging trends. Intriguingly, major strides in AI-driven fraud detection, the advent of blockchain-based payment solutions, the integration of biometric authentication, the popularity of voice-activated payments, and contactless and NFC advancements are all part of the forecast period's dynamic landscape. Indeed, the surging demand for contactless payments is expected to fuel the growth of the digital payment gateways market.

Digital payment gateways dovetail this trend perfectly, facilitating these contactless payments in real-time and offering seamless, swift, and encrypted payment experiences across cards, mobile wallets, and other contactless methods.

## Who Are The Premier Players In The Digital Payment Gateways Market?

The digital payment gateways market plays host to several key industry stalwarts, including Visa Inc., PayPal Holdings Inc., Mastercard Incorporated, Stripe Inc., Adyen N.V, Square Inc., PayU Payments, Cashfree Payments India Private Limited, Razorpay Software Private Limited, PhonePe Private Limited, Authorize.Net LLC, Helcim Inc., Amazon Pay, BlueSnap Inc., Instamojo Technologies Private Limited, CCAvenue, Easebuzz Private Limited, Payza, PayKun Payment Solutions Private Limited, and Zaakpay.
