/EINPresswire.com/ -- Ma Devotion is the breakout single by Canadian rapper, songwriter, and music producer KushIX, and the first global taste of a genre he personally created: Neo Afrobeat.

At its core lies what KushIX calls "The Ultimate Speaker Test" - a heavy, thumping drum-and-bass fusion that puts any sound system to the test, whether in clubs, cars, headphones, or festival stages.

With over 1 million YouTube views and growing traction across Canada, the U.S., U.K., and France, Ma Devotion is more than a hit - it's a movement.

In a time when Canadian identity is facing pressure - from U.S. tariffs to political rhetoric about becoming the "51st state" - supporting Canadian creativity and independence has never been more crucial.
