“This opening represents our commitment to meeting the growing need for compassionate, clinically sound addiction and mental health care in the region,” said Dr. Sal Raichbach, chief clinical officer at Haven Health Management. “It’s about addressing the root cause, not just treating the symptoms.”

The focus is on building a solid foundation for long-term wellness, supported by evidence-based therapies, trauma-informed care, and personalized treatment planning.

Integrated Treatment for Addiction and Co-Occurring Disorders

The Recovery Team’s comprehensive program empowers individuals through evidence-based

therapies and whole-person support. Services include cognitive behavioral therapy (CBT), dialectical behavior therapy (DBT), acceptance and commitment therapy (ACT), motivational interviewing, psychoeducation, family therapy, codependency counseling and trauma-focused modalities.

Programming includes relapse prevention and aftercare planning. The 12-step model is integrated into treatment to support ongoing personal growth and accountability.

Each aspect of the program is designed to treat both the substance use disorder and the underlying emotional or psychological issues that often accompany it.

“We’re honored to bring these life-changing services to our community,” said Donny Martinelli, Executive Director of The Recovery Team – New Jersey. “We combine evidence-based clinical care with a warm, welcoming environment.”

#### About The Recovery Team - New Jersey

The Recovery Team – New Jersey, a division of Haven Health Management, is committed to expanding access to recovery and relapse prevention resources across the tri-state area. The center specializes in partial hospitalization, intensive outpatient, outpatient programs and ongoing recovery support long after treatment ends.

The program is accredited by the Joint Commission and certified by LegitScript. The Recovery Team - New Jersey is located at 1450 U.S. Highway 22, Mountainside, NJ 07092.
