*Service advises Disney Vacation Club owners to secure current pricing amid rising title fraud threats*

ORLADO, FL, UNITED STATES, June 9, 2025 /EINPresswire.com/ -- [DVC Title Alert](#), a monitoring service built exclusively for Disney Vacation Club properties, announced Monday it has surpassed \$365 million in active identity restoration and title protection coverage for its subscribers, representing significant growth in enrollment over the past week.

The milestone reflects the combined coverage amounts provided to DVC owners seeking protection for their vacation ownership investments amid a national rise in title and identity fraud. According to the FBI, title fraud accounts for an estimated \$296 million in annual losses nationwide, with vacation ownership properties increasingly targeted due to their unique deed structures.
