

# TSD Mobility and Canopy Connect Partner to Make Insurance Verification Easier, More Consistent

*The new integration brings streamlined functionality to rental agents and dealerships.*

NORTH ANDOVER, MA, UNITED STATES, June 10, 2025 /EINPresswire.com/ -- [TSD Mobility Solutions](#), the global software provider for rental car companies and automotive dealerships, and [Canopy Connect](#), the leading insurance verification solution, today announced a partnership that creates an efficient and reliable way to verify a renter's provided car insurance information.

Thousands of rental car operators and dealers use TSD software to manage their rental or loaner car fleet to serve more customers in less time. With Canopy Connect, insurance verifications in that process will be a breeze.

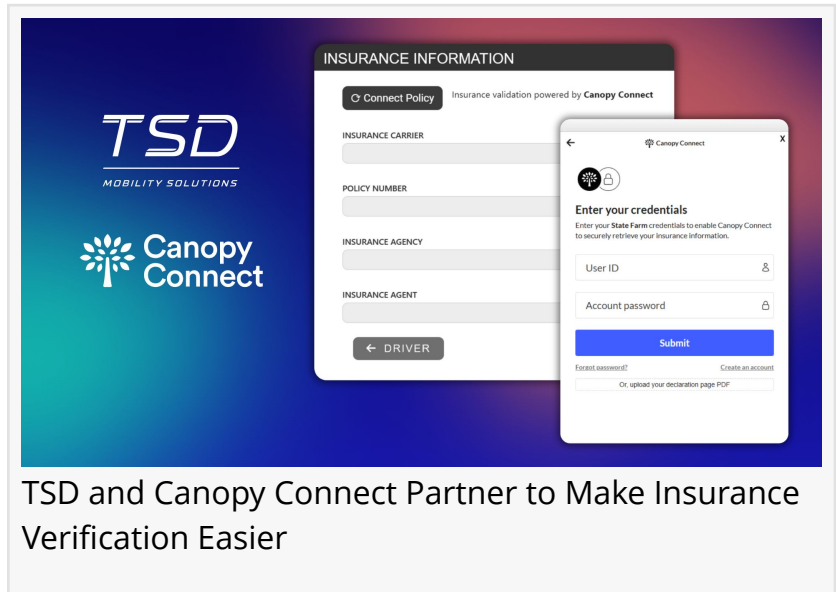

“

Adding insurance verification at the time of reservation or point of sale helps rental agencies mitigate the risk of total loss and creates an upsell opportunity for protection plans.”

“We’re excited to partner with TSD Mobility to make insurance verification easily accessible for their rental and dealer customers,” said [Tolga Tezel, founder and CEO of Canopy Connect](#). Rental car companies often struggle to verify a renter’s provided car insurance information. They either ask verbally or don’t ask at all.

“It’s a missed opportunity,” said Tezel. “Adding insurance verification at the time of reservation or point of sale helps rental agencies mitigate the risk of total loss and creates an upsell opportunity for protection plans.”

By verifying insurance as part of the rental process, rental agents can easily see if the policy lacks

comprehensive and collision coverage or has a high deductible. Additionally, by actively verifying insurance at the time of rental, when an incident occurs, the rental agency or dealer will have all the policy details they'll need to file and subrogate a claim quickly.

"By automating this step, rental companies and dealerships get the kind of consistency that makes a difference," said Shawn Concannon, president of TSD.

"We are thrilled to partner with Canopy Connect to bring this excellent functionality to customers using TSD RENTAL and TSD DEALER."
