\$MOONRIG Token Sale with Sold-Out First
Round*

RAS AL KHAIMAH, RAS AL KHAIMAH, UNITED ARAB EMIRATES, June 10, 2025 /EINPresswire.com/ -- [Moonrig](#) is proud to announce the successful sellout of the first round of its \$MOONRIG token sale, completed within just 72 hours. The second round is already underway and 50% subscribed, signalling strong continued investor demand.

Moonrig's AI-powered, modular DAPP is designed to help users make secure investment decisions, matching the rigor of legacy financial analytics giants – now rebuilt natively for Web3. The platform bridges companies and investors through tools that enable intelligent, real-time financial strategies.

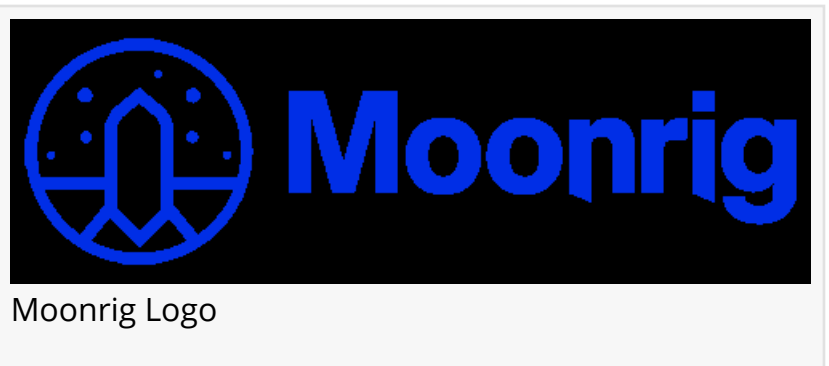

\$MOONRIG TOKEN SALE

"This overwhelming response confirms what we've always believed — trust, transparency, and shared value creation are the pillars of tomorrow's Web3 economy. The Moonrig community isn't just investing in a token; they're investing in a movement to redefine financial intelligence" said [Charles Vergheze](#), Chief Engagement & Loyalty Officer (CELO) at Moonrig.

The \$MOONRIG token provides utility across the Moonrig ecosystem, offering access to premium research via [Moonbase](#), reduced transaction fees, staking rewards, and advanced portfolio tools through Moonconnect. Moonrig is also introducing a "Utility-as-a-Service" model, enabling users to stake compatible tokens and earn platform rewards — a first-of-its-kind approach in Web3 token utility.

Moonrig has also launched a free airdrop initiative. Participants can earn \$MOONRIG tokens by completing daily tasks — for example, referring a new user earns 50 points and a chance to access the \$80,000 token pool. Points can be converted into tokens and contribute to broader community engagement.
