Liquid Logics Announces Seamless Integration with Lightning Docs to Streamline Loan Document Automation

LEE'S SUMMIT, MO, UNITED STATES, June 10, 2025 /EINPresswire.com/ -- [Liquid Logics](#), a leading [loan origination software](#) (LOS) provider for private lenders, proudly announces its latest integration with Lightning Docs™, the premier document automation platform developed by Geraci LLP. This partnership delivers a faster, more efficient, and highly accurate loan document generation process, empowering private lenders to close deals with confidence and precision.

Powerful Document Automation for Private Lenders

With this new API integration, Liquid Logics cloud-based LOS platform users can now access Lightning Docs directly within their workflow. Lightning Docs generates attorney-grade loan documents tailored specifically for private lenders and business-purpose loans, ensuring 50-state compliance and mitigating risk, all at the click of a button.

“Seamless document automation is a game changer for our clients,” said Sam Kaddah, CEO of Liquid Logics. “Partnering with Lightning Docs allows us to offer lenders a faster, more efficient way to produce attorney-grade loan documents, reducing errors, saving time, and providing the compliance peace of mind our clients need.”

A Shared Commitment to Efficiency and Compliance
