BESLER OMNIA

BESLER OMNIA was built in direct response to feedback from reimbursement professionals who wanted a unified, intuitive solution to eliminate the inefficiencies and risks of juggling multiple systems and manual processes.

“

Our clients told us they needed a simpler, more secure way to manage cost report preparation and submission.”

*Jonathan Besler, President
and CEO of BESLER*

“Our clients told us they needed a simpler, more secure way to manage cost report preparation and submission,” said Jonathan Besler, President and CEO of BESLER. “We listened, and BESLER OMNIA is the result – a platform that not only streamlines every step of the process but also sets a new standard for security and convenience. We’re proud

to deliver a solution that truly puts our clients’ needs first.”

BESLER OMNIA combines the robust workpaper preparation capabilities of BESLER’s Easy Work Papers with advanced cost report submission tools, all within a modern, user-friendly interface. Key enhancements include:

- All-in-One Experience: Prepare and submit both 2552-10 and 287 cost reports from a single dashboard, with support for additional form sets on the roadmap.
- Seamless Upgrade: Existing BESLER customers have been automatically upgraded to BESLER OMNIA, with immediate access to new features and improvements.
- Enhanced Security: The platform introduces secure e-signature capabilities and single sign-on (SSO) for a safer, easy user experience.
- Frictionless Workflow: Streamlined processes reduce time and errors, empowering users to create accurate, auditable cost reports efficiently.

BESLER OMNIA is cloud-based, accessible from anywhere, and supported by BESLER's expert reimbursement team. The launch supports BESLER's mission to make Medicare reimbursement simple, transparent, and reliable for healthcare providers nationwide.
