

NIPES Announces 2025 Global Engineering & Science Award Winners

MA, UNITED STATES, June 10, 2025 /EINPresswire.com/ -- The [National Institute of Professional Engineers and Scientists \(NIPES\)](https://www.nipes.org) proudly announces the recipients of the 2025 NIPES Global Engineering & Science Awards, honoring excellence across engineering, science, innovation, and policy worldwide.

This year's awards recognize outstanding individuals and organizations whose exceptional contributions are driving advances in their fields and creating a measurable impact on industry, academia, and society. Selected from a highly competitive pool of over 1,200 nominations, these distinguished awardees represent the forefront of global innovation and leadership.

Rigorous Selection Process

The selection of this year's honorees followed a rigorous four-stage review process, ensuring transparency, academic integrity, and alignment with global best practices:

Initial Screening: Assessing eligibility and relevance to each award category.

Peer Nomination & Review: Independent evaluation by senior fellows and international scholars with recognized expertise in engineering, science, and innovation.

Technical Subcommittee Reviews: Evaluation by senior academics, industry professionals, and policy experts based on originality, measurable impact, and global relevance.

Final Deliberation & Endorsement: The NIPES Awards Committee and the Office of the President of NIPES conducted the final review and endorsement.
