LOS ANGELES, CA, UNITED STATES, June 12, 2025 /EINPresswire.com/ -- The beautifully animated feature film, "[Book of Joshua: Walls of Jericho](#)," a powerful Biblical account that takes viewers on an epic journey demonstrating the power of faith and the might of the Lord, is now available on major [VOD](#) streaming platforms.

Moses looks into the Promised Land from the summit of Mount Nebo in the land of Moab.

A story considered an article of faith for Jews, Christians and other religions alike, "Book of Joshua: Walls of Jericho" recounts the story told in the Old Testament Bible's "Book of Joshua," following the Israelites' conquest of Canaan and the delivery of The Promised Land—long avowed by God to those of faith as they endured 40 years of great oppression, suffering and famine following their liberation from slavery in Egypt. According to the Deuteronomist, the conquest of Canaan by Joshua and the Israelite tribes was swift and decisive. Today, there is archaeological evidence of the destruction of Jericho and the site was designated as a UNESCO World Heritage site in 2023.

“

I wanted to relate this epic & powerful story to current issues—faith in times of uncertainty, courage in leadership & the pursuit of purpose against great odds. It's a Biblical Lord of the Rings.”

Writer/Producer Amir Kovacs
