Designed for Families, Engineered for Performance

For a museum that prides itself on interactive learning and family fun, every detail matters—from the moment a visitor sees their tent at an outdoor fair to the educational games hosted under the canopy. Splash Tents' branded event displays help reinforce the Museum's welcoming, playful aesthetic while staying rugged enough for regular transport and repeated outdoor use.

“Our Splash Tent holds up beautifully year after year. It's

colorful, durable, and helps us stand out at every Phoenix-area event,” said a museum representative. “Families recognize our display before they even reach our booth.”

The branded canopy tents serve as more than just shelter—they become a beacon for engagement and outreach. Whether set up for a summer splash day, literacy campaign, or community science fair, the Museum's 10x10 logo tent provides an instantly recognizable space for hands-on fun.

Even after nine years of consistent use, many of the original Splash Tents products—including
