Godzilla-themed room "Monster Land" at Grand Chariot

Burning Godzilla Dorsal Fin

Godzilla Interception Operation is a unique attraction themed around a "life-sized" Godzilla statue measuring 120 meters in length. This centerpiece, a representation of the monster emerging from the sea onto Awaji Island, overwhelms visitors with its fierce and awesome presence. Visitors join an organization known as the National Awaji Island Institute of Godzilla Disaster (NIGOD), with missions including sailing right into the monster's jaws on a zipline and blasting away dangerous Godzilla cells in a shooting game.

The attraction features the world's first permanent Godzilla museum, as well as "Kaiju no Mori", an indoor area for young children to enjoy free play with around 50 different kinds of kaiju soft plastic models. There is also a range of NIGOD merchandise and special Godzilla-themed food and drink available for purchase. Find the world's largest Godzilla making landfall on Awaji Island!

An extensive range of Godzilla merchandise is also on offer at Godzilla Interception Operation, many of which are original designs found exclusively at Nijigen no Mori. Visitors will also find plenty of souvenirs, including drinking glasses, figurines, and snacks.
