*The Business Research Company's
Astringents Global Market Report 2025 –
Market Size, Trends, And Global Forecast
2025-2034*

LONDON, GREATER LONDON, UNITED
KINGDOM, June 16, 2025

/EINPresswire.com/ -- What Does The
Data On The Astringents Market Size
Indicate?

The astringents market size has grown steadily in recent years, rising from \$3.42 billion in 2024 to an expected \$3.58 billion in 2025. This increase, reflecting a compound annual growth rate CAGR of 4.9%, is driven by several factors including a rise in the demand for natural and organic products, growth in the beauty and personal care industry, increased adoption of face toners, expansion of distribution channels, and the influence of social media and influencers.

What Does The Future Hold For The Astringents Market?
The astringents market size is forecasted to experience further growth, reaching \$4.28 billion in 2029 at a CAGR of 4.6%. This advancement can be ascribed to various factors like growing consumer awareness of skin health, an increase in skin disorders, a rising interest in DIY skincare,

a surge in demand for personalized skincare, and changes brought in by urbanization and lifestyle trends. Technological advancements in production, product diversification, and cross-industry collaborations are among the key trends during the forecast period.
