

Massive Networks' Cloud Connect Wins Cloud Computing Magazine's Product of the Year Award

The carrier's evolved cloud connectivity solution is spotlighted for its ability to seamlessly and rapidly interface with offerings like AWS and Azure

LOUISVILLE, CO, UNITED STATES, June 16, 2025 /EINPresswire.com/ -- [Massive Networks](#), an emerging global leader in mid-market to enterprise-level connectivity solutions, has been named one of [Cloud Computing magazine's](#) 2025 Products of the Year. The 11th Annual Cloud Computing awards recognize visionary companies across all cloud computing segments, as selected by an esteemed panel of editors and judges from [TMCnet](#)

(Technology Marketing Corporation). This award follows on the heels of Massive Networks' win as an INTERNET TELEPHONY Product of the Year, which was granted to its One Pipe Multi-Connect offering. Publisher TMCNet is a leading global online news source for the telecom, cloud, and IT marketplaces, which reaches more than 1,000,000 unique monthly visitors.

Massive Networks' One Pipe: Cloud Connect is a purpose-built solution that replaces traditional, unpredictable cloud access with dedicated, carrier-grade connections engineered for reliability, security, and simplicity. By bypassing the congestion of oversubscribed public internet paths, Cloud Connect streamlines enterprise access to leading cloud providers, including Oracle, AWS, Azure, and GCP, while enabling consistent performance, faster data transfers, and enhanced security. Whether supporting hybrid or multi-cloud architectures, virtual computing environments, or latency-sensitive workloads, Cloud Connect delivers redundant, high-performance pathways to the platforms that power today's businesses, all through a single, integrated connection.

"We built Cloud Connect for companies that need more than just a basic connection to the cloud," said Kevin Flake, CEO of Massive Networks. "Our customers rely on platforms like Oracle, AWS, and Azure to run their businesses. They can't afford slowdowns, outages, or unpredictable

performance. This solution gives them a direct path to the cloud with the speed, security, and reliability they need to stay ahead."

"Massive Networks has developed a unique portfolio of connectivity solutions for the enterprise market. They've taken on the challenge of delivering these solutions with a level of accountability and support that has rarely been seen in the carrier market, focused on building a partnership experience," said Rich Tehrani, CEO of TMC. "We're excited to congratulate them for this award, in support of their channel-focused strategies."
