Hosted on Zoom and open to serious business owners, this dynamic session will feature two of the nation’s most respected voices in federal contracting: Dr. Karwana D. Irving, a multi-7-figure CEO and contracting coach with \$31M+ in client wins, and [Rodney Greenup, founder of Greenup Industries](#) and a federal prime with \$250M in delivered contracts and over \$1 billion in supported projects.

“This isn’t about waiting for a quota or a favor,” said Greenup. “This is about stepping into billion-

dollar opportunities with preparation, partnerships, and proof. We're looking to collaborate with minority firms who are ready to grow—because there's room at the table, but only for those who know how to play the game."

During the live session, Dr. Karwanna will share her proven blueprint for qualifying small businesses, securing certifications, and using a streamlined, ad-free strategy to land six- and seven-figure contracts. Her clients' results speak volumes—turning \$23,000 in five weeks into multimillion-dollar wins, with contracts as high as \$2.7M, \$700K, and \$800K.

Rodney Greenup will break down how his company became a federal powerhouse and how smaller firms can plug into current subcontracting and JV opportunities available through Black Directory membership. He'll also highlight the power of mentor-protégé agreements, the benefits of teaming, and the specific services his firm is actively seeking, especially in staff augmentation, professional services, construction, and engineering.

This session is tailor-made for:

- \* Minority business owners ready to scale
- \* Contract-ready entrepreneurs looking for real teaming opportunities
- \* Newcomers eager to break into the trillion-dollar federal marketplace

Attendees will walk away with a 2025 federal contracting playbook, a clear growth strategy beyond set-asides, and direct access to industry leaders already winning at scale.
