Comagrav and CUTWORX USA Announce Distribution Agreement

About COMAGRAV – Precision Engineering Since 1999

“

During Printing United 2025, CUTWORX USA will mark the debut of the products from Comagrav.”

*CUTWORX USA Marketing*

Headquartered in the Czech Republic, COMAGRAV (a division of COMAC spol. s r.o.) has been engineering high-performance CNC machines since 1999. Known for precision, durability, and innovation, COMAGRAV's cutting systems are trusted across sectors to process plastics, foams, wood, and metal with unmatched reliability and accuracy.

Comagrav Notus Plus 3000 to Debut at PRINTING United Expo 2025

As a highlight of this new alliance, the Comagrav Notus Plus 3000 will make its North American

debut at PRINTING United Expo 2025, held October 22–24 in Las Vegas, NV. Attendees can visit Booth 848 to witness live demonstrations of this next-generation CNC router.

Engineered for high-output, precision-driven workflows, the Notus Plus 3000 is built for performance with features such as:

- High-Precision Cutting for metal, signage, packaging, furniture, and industrial materials
- Advanced Motion Control with Mitsubishi servomotors and helical rack drives
- Rugged Build Quality featuring a stress-relieved steel frame for long-term stability
- Workflow Integration designed for seamless automation and scalable production environments

### Leadership and Vision

Leading the product rollout for CUTWORX USA will be Marc Rannow, serving as Product Manager, alongside Quentin Edwards. Their combined expertise underscores CUTWORX USA's commitment to delivering superior service, support, and cutting-edge technology to customers across North America.

### Join Us at PRINTING United 2025

Experience the Comagrav Notus Plus 3000 in action and explore how CUTWORX USA is shaping the future of precision cutting technology.

Event: PRINTING United Expo 2025

Dates: October 22–25, 2025

Location: Orlando, Florida

CUTWORX USA Booth: #848

Free Expo Pass Code: 182470
