

Pre-orders for the Life Size Bust 'Pacific Rim (Film) Crimson Typhoon' Began June 19, 2025

Prime 1 Studio has announced the Life Size Bust "Pacific Rim (Film) Crimson Typhoon." Pre-orders began June 19, 2025 (JST). Release set for December 2026.

ASAKUSA, TAITO-KU, TOKYO, JAPAN, June 20, 2025 /EINPresswire.com/ -- Prime 1 Studio is proud to announce that the life-size bust of Crimson Typhoon, the Mark-4 Jaeger featured in the 2013 sci-fi film Pacific Rim directed by Guillermo del Toro, is now available for pre-order.

Following the release of our life-size Gypsy Danger bust this past April, this new piece brings to life the detailed design of Crimson Typhoon in massive scale. The bust faithfully recreates its spherical upper torso, vivid crimson armor, and even the cockpit interior featuring the drifting Tang brothers. Multiple LED light-up features are embedded throughout, including the iconic large mono-eye.

The Deluxe Version includes additional arm parts to represent the Jaeger's signature triple-arm configuration. This allows for display options reminiscent of the "Thundercloud Formation" combat move seen in the film.
