STACK Cybersecurity Announces CMMC Webinar with National Cybersecurity Alliance

Learn how a small DoD manufacturer reached Cybersecurity Maturity Model Certification

LIVONIA, MI, UNITED STATES, June 17, 2025 /EINPresswire.com/ -- FOR IMMEDIATE RELEASE

> "With the right guidance and partnerships, even small manufacturers can build strong cybersecurity foundations that meet defense requirements and support long-term resilience."
>
> *Rich Miller, Founder & CEO, STACK Cybersecurity*

STACK Cybersecurity Announces CMMC Webinar Co-Hosted with National Cybersecurity Alliance and Taylor Turning

STACK Cybersecurity, in collaboration with the National Cybersecurity Alliance and Michigan-based Taylor Turning, will present a webinar at 1 p.m. on July 9.   "Michigan Manufacturing + Cybersecurity: A CMMC Success Story" will share the story of Taylor Turning, a small manufacturer that reached Cybersecurity Maturity Model Certification (CMMC) compliance on a shoestring budget by collaborating with their outsourced IT and cybersecurity provider, STACK Cybersecurity.

Join us for a practical look at how small manufacturers can successfully navigate CMMC compliance. This 30-minute webinar, followed by a Q&A session, will share a real-world journey through the cybersecurity challenges of the defense supply chain, and how smart partnerships and strategic planning turned risk into resilience.

What You'll Learn:
The current cybersecurity threat landscape facing manufacturers
CMMC levels, requirements, timelines, and costs—explained clearly
How a small manufacturer implemented CMMC Level 1 successfully
The role of MSSPs in assessments, planning, and documentation
Practical steps to bridge cybersecurity gaps without overwhelming resources
Free resources and support programs for manufacturers
Lessons learned and strategies for long-term cyber maturity

Featured Speakers:
Austin Ritz, Compliance Manager,
Taylor Turning
Rich Miller, Founder and CEO, STACK
Cybersecurity
