

BNESIM Powers Kaspersky's Entry into Mobile Connectivity with Kaspersky eSIM Store App

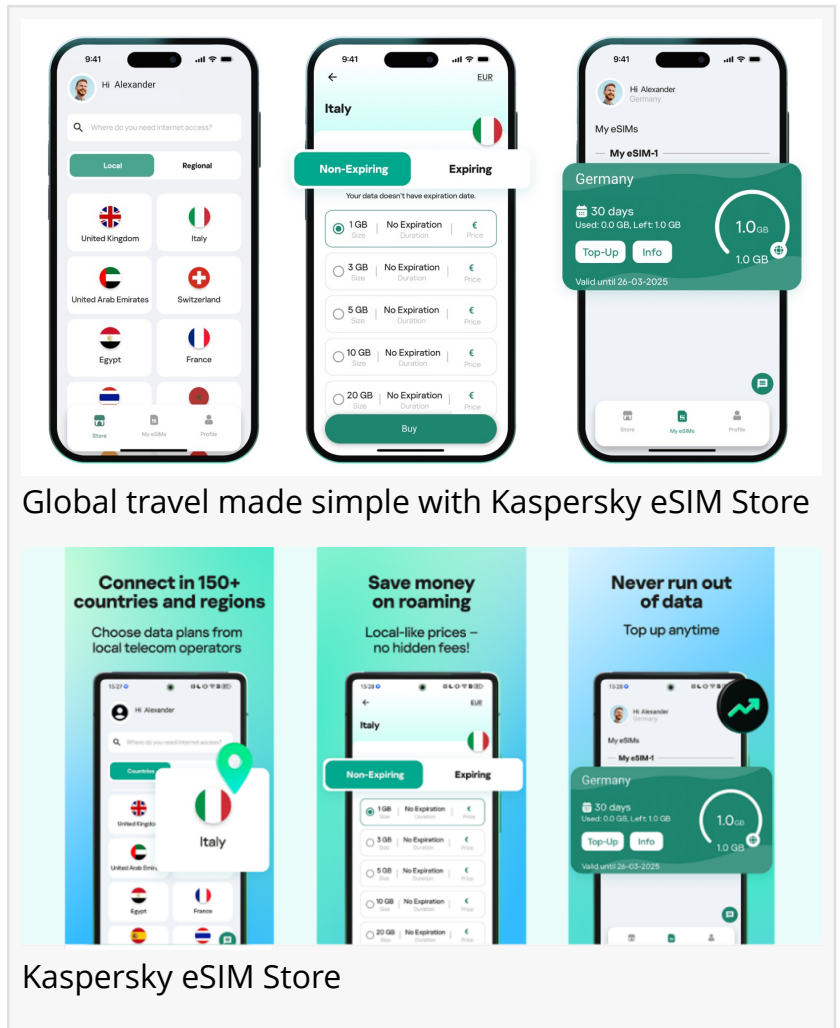

BNESIM, a global leader in telecommunications and eSIM technology, has partnered with cybersecurity giant Kaspersky to launch an innovative eSIM application

KOWLOON, HONG KONG, June 19, 2025 /EINPresswire.com/ -- In a groundbreaking collaboration, BNESIM, a global leader in telecommunications and eSIM technology, has partnered with cybersecurity giant Kaspersky to launch an innovative eSIM application: Kaspersky eSIM Store. This striking collaboration marks Kaspersky's debut into the mobile connectivity arena, utilizing BNESIM's solution to provide customers worldwide with an access to eSIM for travelers.

Kaspersky eSIM Store, based on BNESIM's advanced eSIM platform access to 2,000 affordable eSIM data plans from local telecom operators in 150+ countries and regions. It features a simple app interface and easy eSIM data management, catering to the needs of international travelers, remote workers, and anyone in need of easy and reliable internet access on the go.

Luca Mattei, CEO at BNESIM, remarked, "This partnership with Kaspersky is a testament to the trust and reliability we have established in the global market. By choosing our platform for their entry into eSIM technology, Kaspersky has reinforced the versatility of our solutions and the strength of our brand."

Kaspersky eSIM Store is now available for users on iOS and Android in [App Store](#), [Google Play](#) and [RuStore](#). eSIMs can be purchased directly through the app or at

www.kasperskyesimstore.com.
