

Candela Matrix® Now Available at Delle Chiaie Cosmetic Medicine: Pioneering the Future of Aesthetic Treatments

Delle Chiaie Cosmetic Medicine is excited to announce the addition of the Candela Matrix®, a state-of-the-art laser system, to their practice.

HAMPTON, NH, UNITED STATES, June 18, 2025 /EINPresswire.com/ -- About The [Matrix®](#)

The Matrix® system offers a new dimension of radiofrequency (RF) microneedling. This innovative machine is designed to address, sustain, and rejuvenate skin at every stage of aging, helping to maintain a youthful appearance as part of preventive care. It incorporates the latest Matrix Pro®, Sublime™, and Sublative™ RF applicators, offering tailored treatments to meet individual patient needs. The Matrix® system is designed to resurface skin, reduce wrinkles, enhance volume, and fortify skin structure.

Dr. Tara Delle Chiaie, with the Candela devices

“

It is a privilege to bring my patients a tool that aligns with our practice's uncompromising standards.”

Dr. Tara Delle Chiaie

Uniquely, this groundbreaking system features impedance monitoring and Depth Intelligence™ technology, providing real-time feedback to ensure consistent, high-quality results for patients.

By leveraging three modalities in a single device and working at up to 3 depths with a single insertion, this multi-application system is radiofrequency, intelligently

redefined:

Matrix® Pro Applicator – equipped with an array of the thinnest microneedles on the market that deliver short-pulse RF energy to the skin in a fractional manner. Treatment outcomes include

new collagen creation and marked improvement in overall skin appearance and texture.

Matrix® Sublime Applicator – designed to heat skin layers with a combination of infrared (IR) and bipolar radiofrequency (RF) energies to shorten aged collagen fibers and treat wrinkles for a smoother skin appearance. This needle-less and non-invasive treatment allows for clinically proven outcomes with minimal downtime.

Matrix® Sublative RF Applicator – stimulates new collagen growth and resurfaces the skin by delivering bipolar RF energy to the skin in a needle-less, fractional manner via an array of multi-electrode pins. This treatment results in smoother skin and the reduction of facial wrinkles.

"While many skin tightening technologies on the market promise dramatic results, few are supported by real science—and even fewer prioritize patient safety. At [Delle Chiaie Cosmetic Medicine](#), I refuse to offer trends that compromise tissue integrity or leave patients with uneven, unpredictable outcomes. This new device delivers consistent, medically validated results without the inflammation, discomfort, or downtime seen in so many competitive systems," said Dr. Tara Delle Chiaie, DNP, clinical director and founder. "It is a privilege to bring my patients a tool that aligns with our practice's uncompromising standards."

Experience the Matrix® Difference

Visit Delle Chiaie Cosmetic Medicine and discover the transformative power of Matrix®. Whether you're looking to achieve smoother skin, reduce signs of aging, or address specific skin concerns, their team is there to help you achieve your aesthetic goals.
