

# NACE Announces Strategic Partnership with MOODZ to Launch New Manufacturing Facility in Honduras

*NACE and MOODZ launch a Honduras facility to boost in-house merch production, speed up fulfillment, and support ethical, scalable fan engagement.*

LOS ANGELES, CA, UNITED STATES, June 20, 2025 /EINPresswire.com/ -- NACE, a global agency specializing in fan engagement, merchandise, and event logistics, has entered into a strategic partnership with MOODZ, a cost-efficient and ethically sourced fast-fashion brand. Together, the two companies will be launching a dedicated production facility in Honduras with the support of Dali Solutions, marking a major step forward in NACE's mission to expand its infrastructure and deliver elevated services to partners worldwide.

This partnership will enable NACE to internalize and oversee the entire merchandise production process—from concept to fulfillment—ensuring greater quality control, faster turnaround times, and enhanced shipping efficiency for both domestic and international markets.

At a time when rising production costs, ongoing tariff pressures, and global shipping volatility are impacting margins and timelines across the U.S. and beyond, this move offers a timely and strategic solution for brands and labels looking to de-risk their supply chains.

“Opening our own factory is a powerful evolution for NACE and our partners,” said Daneka Gilliland, COO of NACE. “By producing merchandise in-house, we are not only investing in higher quality standards and faster delivery times, but also in job creation and economic growth in the region.”

Through this initiative, NACE will now offer:

- Direct manufacturing of tour and fan merchandise, apparel, and collectibles
- Faster production and fulfillment cycles for campaign-based and evergreen items
- Streamlined event logistics through a unified supply chain model
- Increased scalability for global partner activations

The Honduras-based facility will also open new doors for regional collaboration, with plans to onboard local talent and contribute to sustainable economic development.

“Together, we’re looking to build more than just a factory—we’re laying the foundation for a modern production hub that also empowers our local workforce with global opportunities.”  
— Dulce Aranda, CEO of MOODZ

With this move, NACE is doubling down on its commitment to deliver not just experiences, but exceptional, end-to-end service for artists, brands, and fan communities alike.
