

Language Translation Software Market Reach USD 44.8 Billion by 2031 | Growing at 17.3% CAGR Globally

WILMINGTON, DE, UNITED STATES, June 20, 2025 /EINPresswire.com/ -- Allied Market Research published a new report, titled, "[Language Translation Software Market](#) Reach USD 44.8 Billion by 2031 | Growing at 17.3% CAGR Globally." The report offers an extensive analysis of key growth strategies, drivers, opportunities, key segment, Porter's Five Forces analysis, and competitive landscape. This study is a helpful source of information for market players, investors, VPs, stakeholders, and new entrants to gain thorough understanding of the industry and determine steps to be taken to gain competitive advantage.

The global language translation software market was valued at USD 9.3 billion in 2021, and is projected to reach USD 44.8 billion by 2031, growing at a CAGR of 17.3% from 2022 to 2031.

Surge in such as rise in government investments and increase in prevalence of smartphones around the world primarily drive growth of the language translation software market. However, alternative tools and free language translators' accessibility hamper the market growth to some extent. Moreover, expanding business communication needs is expected to provide lucrative opportunities for the market growth during the forecast period.
