As a locally rooted, patient-centered practice, Alamo City Orthodontics has consistently earned praise from both families and professionals for its commitment to providing modern, effective, and compassionate orthodontic care. Now, with support from patients, neighbors, and fans, the practice is just one step away from earning the official "Best Orthodontist in San Antonio" title.

## The Best of the City Contest

Each year, San Antonio Current invites the public to nominate and vote for their favorite local businesses and professionals across a variety of industries—from dining and entertainment to health and wellness services. The Best of the City Awards has become one of the most recognizable and community-driven accolades in San Antonio, allowing residents to celebrate the businesses that have made a real difference in their lives.

This year's nomination round brought in a record number of submissions, and thanks to the enthusiastic support of the community, Alamo City Orthodontics was named a finalist in the Orthodontists category.

## Why It Matters

Being named among the top orthodontic practices in the city is more than a badge of honor. It validates the practice's ongoing efforts to make orthodontic care accessible, affordable, and comfortable for families across San Antonio. From early orthodontic evaluations to clear aligners and the recently launched [FOREVERSMILE retainer program](#), Alamo City Orthodontics focuses on long-term results and patient satisfaction.

Dr. Cristiana “Kika” Araujo, the practice’s lead orthodontist, shared her gratitude: “It’s incredibly meaningful to be recognized by our patients and community. Every vote tells us we’re doing something right—and that inspires us to do even more.”
