ICDL Asia Digital Challenge is back in Hong Kong

HK students can demonstrate their ICT abilities among 18 Asian countries in Nanjing China; our HK finalists will also visit Singapore for their preparations.

CENTRAL, HONG KONG SAR, HONG KONG, June 23, 2025 /EINPresswire.com/ -- For Immediate Release

ICDL Asia Digital Challenge is back!

Students from all levels are now invited to join to develop new digital skills, strengthen collaboration abilities, and unleash full potential

ICDL Digital Challenge 2024 Winners

On behalf of ICDL Asia, we are thrilled to announce the return of the ICDL Asia Digital Challenge for 2025!

Last year, despite only a handful of entries, Hong Kong SAR proudly secured two grand finalist prizes. Meanwhile, all finalists gained invaluable experience by taking part in the ICDL Digital Literacy Day and award ceremony held in Kuala Lumpur Malaysia.

This year, we shall invite all Hong Kong Grand Finalists to attend ICDL Digital Literacy Day and the award ceremony in Nanjing China, along with an exclusive ICDL Asia summer camp in Singapore for Tertiary and Secondary students. For these two invaluable events, the students will only have to finance their airfare, as all local expenses, including accommodations, will be covered by International ICT Logbook Limited for HK students.

We are also delighted to announce that the competition is now open to Primary school students, in addition to those at the Secondary and Tertiary levels. By welcoming younger participants, ICDL Asia Digital Challenge 2025 aims to foster digital literacy and collaboration across all educational stages.

The ICDL Asia Digital Challenge 2025 aims to cultivate practical digital skills essential for today's and tomorrow's marketplace. Participants will be exposed to emerging technologies, design principles, and key office application tools, preparing them for the global digital economy of the future.

At ICDL Asia, our goal is to expand our reach to include more schools, levels, and regions as we work to promote early digital literacy and equip students for the evolving digital world.

An entry fee of HK$300 per contestant will apply. Each participant may select an ICDL module to compete in within their designated category and track.

However each participating school/college will be provided with two FREE entries by International ICT Logbook Limited.

For enquiries or submissions, please contact Suite 1104, Crawford House, 70, Queen's Road Central, Central, HKSAR. Telephone: +852 2961 4640 Fax: +852 3182 5472 Email: support@ictlogbook.com
