Tested Products - Real-World Protection Test June 2025 - AV-Comparatives

This edition features a comparative analysis of 19 antivirus and cybersecurity solutions, evaluated in dynamic threat scenarios with comprehensive false-positive checks. Using a methodology grounded in real user conditions, the test continues to set the benchmark for reliability and relevance in endpoint protection evaluation.

“

AV-Comparatives' Real-World Test sets the standard for evaluating consumer cybersecurity, offering trusted insights from real-life threat scenarios.”

Jan Brilke, coo, AV-Comparatives

Full results, including individual product performance breakdowns, are now available on the AV-Comparatives website:
