

# Hannox Launches Advanced Hydrogel Dressing for Safer, Faster Wound Healing

TAIPEI, TAIWAN, July 3, 2025

/EINPresswire.com/ -- Hannox

International Corp., a leading medical and healthcare solutions provider, will unveil its latest innovation in wound care — Hannox Wound Hydrogel — at MEDICALL 2025, held from July 25 to 27 at the Chennai Trade Center, Booth #2B22.

The newly launched Hannox Wound Hydrogel is a sterile, amorphous dressing designed to manage chronic and post-operative wounds, bedsores, diabetic foot ulcers, mild burns, and scalds. Its key benefits include absorbing mild to moderate exudate, isolating external bacteria, and maintaining a moist environment to accelerate the wound healing process. The hydrogel is alcohol-free, non-irritating, and suitable for sensitive skin, making it a reliable choice for modern wound management.

“Our goal is to bring safer, more effective wound care to both patients and healthcare providers,” said a spokesperson for Hannox. “The new Hydrogel represents our commitment to developing advanced, user-friendly solutions that support recovery and improve quality of life.”

Founded in 2003, Hannox International Corp. has established itself as a trusted exporter of high-quality medical devices, healthcare products, and pharmaceuticals. The company's product lines include wound care, mosquito repellents made from 100% essential oils, and skin treatments for
