DUBAI, UNITED ARAB EMIRATES, June 24, 2025 /EINPresswire.com/ -- This week, Dubai-based entrepreneur, 3x global award-winning IT business coach, author of 'Fast Cashflow Fix', host of [The Corporate Life Podcast](#), and [Business Visibility Expert](#), [Hina Siddiqui](#) announces the launch of her brand-new website:

thehinasiddiqui.com — a bold, elevated reflection of her powerful \$3M identity and the next chapter of her global work.

Dubai-based entrepreneur Hina Siddiqui, featured in 560+ global outlets including Google News, FOX, and Yahoo Finance.

“

Rise in love—with yourself, your offers, and your business. Because nothing extraordinary can be built from self-rejection.”

Hina Siddiqui

“This isn’t just a website. It’s a line in the sand,” says Hina. “It’s the moment I claimed my name, my voice, and my full energetic presence in the business world.”

Through her work with IT CEOs, elite founders, and thought leaders, Hina has helped dozens of companies unlock next-level visibility, profit leaps, and brand dominance—all by aligning with identity first. And her own journey mirrors the transformation she now delivers to the

IT Business CEOs and Founders.

IDENTITY BEFORE STRATEGY

According to Siddiqui, most founders unknowingly build their businesses from a wounded

place:

- To prove they're capable
- To escape the judgment they grew up with
- Or to finally feel worthy of success

"This energy might get you results to some extent — but 1) it burns you out, and 2) it keeps you in the self-sabotage zone — not just in business and money, but also in relationships, health, creativity, and internal joy and peace. It blocks real abundance,"

she says. "Your business can only rise to the level of self-love you allow."

Her own journey reflects this.

"There was a time I didn't even like my name," she says. "I hid behind a nickname in both personal and professional settings. My old website, authorhina.com, was built during a time when visibility felt conditional — and I felt unworthy of being fully seen. But that version of me is now history."

With the launch of her new website, Siddiqui is also sending a message to the entrepreneurial world:

"Fall in love with your business by falling in love with yourself first."

Because power, magnetism, and longevity don't come from tactics.

They come from alignment.
