

FEDCON Issues Widespread Call for Border Wall Contractors

FEDCON has issued a wide solicitation for contractors of all types to participate in border wall construction projects.

TAMPA, FL, UNITED STATES, June 23, 2025 /EINPresswire.com/ -- The leading organization [FEDCON](#) which assists contractors to win government contract work has issued a wide solicitation for contractors of all types to participate in border wall construction projects. This initiative aims to accelerate and expand efforts to secure the nation's borders.

The call for contractors encompasses a broad scope to find expertise in multiple disciplines and capabilities. The organization FEDCON seeks to collaborate with businesses of all sizes which specialize in heavy construction and engineering services and security systems and logistics and supply chain management and site preparation and remediation and ancillary services.

Some Examples Include:

- Heavy Construction: Earthwork, excavation, concrete pouring, steel fabrication and erection.
- Engineering Services: Structural, civil, geotechnical, and environmental engineering.
- Security Systems: Installation of surveillance, detection, and access control technologies.
- Logistics and Supply Chain: Transportation of materials, equipment management, and warehousing.
- Site Preparation and Remediation: Land clearing, grading, and environmental restoration.
- Ancillary Services: Road construction, utility installation, and related infrastructure development.

Marina Nicola | Project Coordinator

The border security project requires multiple skills and resources to achieve its objectives according to Marina Nicola, a project coordinator with FEDCON. The organization aims to recruit top partners through a broad search process to execute these essential infrastructure projects with maximum efficiency.

The organization demonstrates its dedication to use a broad range of industry professionals to fulfill the substantial needs of border infrastructure development. The [FEDCON website](#) provides instructions for interested contractors to register for briefings and access solicitations on government portals.

The official channels will provide all necessary information about project scopes and bidding processes as well as qualification requirements.
