About Outreach Center of West Houston

The Outreach Center of West Houston connects people with the resources they need to improve their lives, create stronger communities, and build better futures. It began as a community outreach effort of St. Thomas Presbyterian Church. The effort was the hub of numerous community-based self-help and personal development programs. By 1996, it was incorporated as an independent 501(c)(3) charitable organization with the goal of providing the community with a dynamic facility offering an array of programs and services through which individuals and families can restore purpose and productivity to their lives, learn new skills, develop healthy relationships and experience positive mental, spiritual and emotional growth. The Outreach Center of West Houston now houses 11 nonprofit and service organizations, and remains a point of connection for many to discovering hope, healing, and answers to their basic needs.
