

# Recruit CRM releases State of Recruitment Technology: New #RecTech report

*New report by Recruit CRM that offers data-driven insights on recruitment technology adoption and effectiveness across the US and UK.*

NORWOOD, NJ, UNITED STATES, June 24, 2025  
/EINPresswire.com/ -- Recruit CRM has released its Latest Report, The State of Recruitment Technology.

This report is the result of six months of data collection and analysis, drawing insights from recruiters, talent leaders, and staffing agencies across the globe.

This comprehensive research is focused on the adoption and effectiveness of [Applicant Tracking Systems](#) and #RecTech, providing an honest, data-backed overview of their role in today's hiring landscape.

Key insights from the report include:

1. Technology's role in recruitment: How recruitment tech is being used and which tools are considered most effective by recruiters.
2. Hiring process impact: A look at the stages of the recruitment process most influenced by technology.
3. Investment trends: Insights into where recruiters plan to allocate their budgets in the next 12 months to maximize the effectiveness of their recruitment tech.

You can download the [Recruitment Insights Report](#) here.

## About Recruit CRM
