The Business Research Company

The global luxury concierge service market has exhibited robust growth in recent years, propelling from \$2.26 billion in 2024 to an estimated \$2.48 billion in 2025 with a forecasted

compound annual growth rate CAGR of 9.5%. Such tremendous growth can largely be attributed to an enlarged high-net-worth individual HNWI population, a rise in disposable income, an increased demand for personalized services, expansion of luxury travel, and a surge in urbanization, as revealed in The Business Research Company's latest market report.

What Is The Future Trajectory Of The Luxury Concierge Service Market?

The luxury concierge service market size is projected to experience substantial growth over the next few years, culminating in an estimated worth of \$3.53 billion by 2029 with a CAGR of 9.3%. This rise can be ascribed to an increasing demand for exclusive experiences, a rising preference for time-saving solutions, the expansion of the luxury hospitality sector, a growing adoption of AI in concierge services and an increase in cross-border luxury travel. Major trends in the upcoming forecast period include AI-powered concierge solutions, blockchain integration for secure transactions, the integration of virtual reality for concierge planning, advancements in digital concierge platforms, and technological enhancements in concierge services.
