

Everiday Foods Ignites U.S. Pantries with Four Clean-Label Asian Chili Sauces

Four bold, extra-virgin olive oil-based condiments make their U.S. debut at Summer Fancy Foods Show, June 29–July 1 at Javits Center, NYC

NEW YORK, NY, UNITED STATES, June 24, 2025 /EINPresswire.com/ -- Four bold, extra-virgin olive oil-based condiments make their U.S. debut at Summer Fancy Foods Show, June 29–July 1 at Javits Center, NYC

Everiday Foods, the holistic nutritionist-founded brand on a mission to “upgrade the everyday pantry,” will showcase its inaugural line of four Asian chili sauces at the Summer Fancy Foods Show. Crafted with extra-virgin olive oil and free from seed oils, gluten, dairy, refined sugar, MSG, and artificial ingredients, these sauces deliver authentic, punchy flavor without compromise.

Everiday’s clean-label sauces—garlic-infused Garlic Chili Oil, spicy Mala Chili Oil, earthy Sambal Chili Sauce, and Red Chili Sauce—are hitting the U.S. market for the first time at Booth 4923B in the Naturally NY Pavilion. Each recipe reflects founder Riyana Rupani’s “whole foods the whole time” philosophy, marrying global tradition with modern nutritional integrity.

“Today’s consumers refuse to choose between taste and wellness,” says Everiday Foods Founder Riyana Rupani (“Ri”). “Our Asian-inspired chili oils and sauces harness bold, crave-worthy flavors while honoring clean-label principles. We’re excited to welcome food lovers at Fancy Foods to experience how nourishing ingredients can transform everyday meals.”

Everiday Foods stands apart with:

- A clean-label promise—gluten-free, vegan, soy-free, and devoid of refined sugars, seed oils, and artificial additives

Everiday Foods Asian Chili Sauces

- Nutritionist-backed, taste-led innovation—flavorful pantry staples that nourish body and soul
- Crafted with care—small-batch production, thoughtfully sourced ingredients, minimal-waste packaging, and a commitment to community giving
- A sustainable ethos—partnering with local artisans and responsible suppliers to minimize environmental impact

Experience the Launch
