

Nomad Internet's Free Wi-Fi for RV Parks Sparks 4000+ Inquiries as Rollout Continues

AUSTIN, TX, UNITED STATES, June 25, 2025 /EINPresswire.com/ -- After the successful launch of the first-ever nationwide free internet service for RV parks, Nomad Internet has already received [over 4000 inquiries](#) from RV park owners. While the company is actively preparing for the exponential increase in requests for free Wi-Fi service from more RV park owners, the delivery of [Nomad RV Free Internet](#) is currently underway.

Jaden Garza, CINO at Nomad Internet, said, "We're launching Nomad RV Free Internet. Not a trial. Not a promotional offer. Permanently free. Parks get professional-grade internet with zero investment. Guests get the connectivity they expect."

The Nomad RV Wholesale Program offers six months of free internet and a free modem to RV park owners, alongside the opportunity to launch their own Internet Service Provider (ISP) business with zero risk.

In an industry where reliable internet remains one of the most requested yet underserved amenities, Nomad's newest initiative empowers RV park owners to deliver high-speed, unlimited internet to guests while simultaneously building a profitable revenue stream through the Nomad Dealer platform.

Free Internet, No Contracts, No Installation Required

At the core of the Nomad RV Wholesale Program is a promise that breaks from traditional internet models: there are no contracts, no upfront fees, and no installation headaches.

Park owners receive:

- A free plug-and-play modem
- Six months of unlimited high-speed internet
- Easy setup; just plug in and connect
- Full freedom to cancel at any time, no obligations

This simple yet powerful model allows park operators to offer a premium connectivity experience to tenants with zero financial commitment.

Beyond free internet, the program includes access to Nomad Dealer, a turnkey “business-in-a-box” solution that allows RV park owners to operate as their own internet service provider.

This includes:

- The same high-performance wireless infrastructure Nomad uses nationwide
- Ready-to-ship SIM cards and modems
- Simplified billing and subscription management tools
- Full branding and pricing control
- Ongoing technical and marketing support

Participants can set their own pricing above Nomad’s base rate of \$69.95 per line, giving park owners full control over their profits. With up to \$300,000 in annual earning potential from just 500 customers, the Nomad Dealer platform unlocks a powerful new business model inside every RV park.

Every Nomad modem is backed by:

- 99.9% uptime reliability
- No data caps or throttling
- Nationwide coverage through private wireless networks
- Speeds optimized for video calls, streaming, remote work, and gaming
- Built-in Anti-DDoS protection

With no trenching, wiring, or tech expertise required, the system is ready to deploy in minutes, making it the fastest and most accessible internet upgrade available to RV parks today.

The Nomad RV Wholesale Program helps RV parks:

- Increase tenant satisfaction and retention
- Attract long-term and digital nomad guests
- Stand out in a competitive hospitality market
- Add passive income with low maintenance

Participating parks receive the Nomad RV Internet Badge, signaling to guests that the park offers free, fast, and unlimited Wi-Fi, a growing requirement for today's travelers.

"We're transforming connectivity from a costly headache into a value-added business tool," added Garza. "Park owners can now offer world-class service and generate consistent revenue at the same time."

How It Works:

1. Sign Up at [NomadInternet.com](https://nomadinternet.com)
2. Get a free modem and SIM card with 6 months of free service
3. Start offering high-speed internet instantly
4. Join Nomad Dealer and begin onboarding paying customers

Whether an RV park serves five guests or five hundred, Nomad's flexible model is designed to grow alongside the business.
