

Savant Labs Wins 'Overall Agentic AI Platform of the Year' in 8th Annual AI Breakthrough Awards

Prestigious International Annual Awards Program Honors Standout AI Companies & Solutions

SAN MATEO, CA, UNITED STATES, June 25, 2025 /EINPresswire.com/ -- [Savant Labs](#), the leader in AI-powered [analytics automation](#), today announced that its analytics automation platform has been selected as “Overall Agentic AI Platform of the Year” in the 8th annual AI Breakthrough Awards. The awards, presented by AI Breakthrough, a leading market intelligence organization, recognize the top companies, technologies, and products in the global Artificial Intelligence (AI) market.

Savant's agentic AI analytics automation platform enables business analysts in finance, tax, accounting, HR, and operations to automate complex workflows without requiring coding, integrations, or implementation efforts. With a no-code design, analysts can build and run workflows, tapping into more than 500+ data sources, including spreadsheets, CRMs, ERPs, databases, and cloud storage systems.

“

With 150M+ spreadsheet professionals, we knew the market was ripe for agentic AI automation, and that’s what our modern, easy-to-use SaaS platform provides.”

Chitrang Shah, CEO and Co-Founder of Savant Labs

“Thank you to AI Breakthrough for recognizing us with ‘Overall Agentic AI Platform of the Year.’ With 150M+ spreadsheet professionals, we knew the market was ripe for agentic AI automation, and that’s what our modern,

easy-to-use SaaS platform provides. Our customers appreciate how simple it is to get started with the straightforward and intuitive tools,” said Chitrang Shah, CEO and Co-Founder at Savant Labs. “We feel that true innovation lies in the ease of use and ease of deployment to hundreds and thousands of users, along with a pricing consumption model that democratizes Agentic AI to

every business regardless of size or IT expertise.”

Following Savant’s Summer 2025 release, Savant customers can now leverage first-to-market capabilities such as:

- Agentic Analytics Suite™ – A collection of AI agents built to automate fundamental tasks for analysts
- Intelligence Graph™ – A dynamic intelligence layer that iteratively learns and improves workflow quality
- One-click integration with Anthropic Claude v3.5 – Making it easier than ever to activate safer, more steerable AI in seconds

“Savant is disrupting the analytics market with a modern, agentic AI analytics automation platform. Business analysts spend most of their time manually sourcing data, performing difficult analytics, and building reports in spreadsheets. Unfortunately, current self-service analytics tools are pricey, not easy to use, and have not solved for reliable governance of data,” said Steve Johansson, managing director, AI Breakthrough. “Savant’s agentic AI analytics automation platform, with its agentic-driven, easy drag-and-drop tools, cloud- and AI-first architecture, and complete governance, is transforming how data analysts work. Savant’s platform gives analysts data freedom, and IT complete governance and control.”

The AI Breakthrough Awards received over 5,000 nominations from 20+ countries this year, celebrating industry leadership in areas including Generative AI, Computer Vision, AIOps, Agentic AI, Robotics, Natural Language Processing, industry-specific AI applications, and many more.
