

Airport Stands Equipment Market Valued at \$3.97 Billion in 2020, Expected to Reach \$7.22 Billion by 2030

Rise in the global freight and passenger traffic and modernization of airports drive the growth of the global airport stands equipment market.

WILMINGTON, DE, UNITED STATES, June 25, 2025 /EINPresswire.com/ -- [Airport stands equipment market size](https://www.alliedmarketresearch.com/request-sample/1080) was accounted for \$3.97 billion in 2020, and is expected to reach \$7.22 billion by 2030, growing at a CAGR of 6.4% from 2021 to 2030.

The growth of global freight and passenger traffic, along with ongoing airport modernization initiatives, has significantly propelled the expansion of the airport stand equipment market. These developments are driving demand for advanced and efficient ground support systems. However, the extended lifespan of airport stand equipment presents a challenge to market growth, as it reduces the frequency of replacement and upgrades. Looking ahead, the increasing emphasis on generating non-aviation-related revenue streams is expected to create promising new opportunities for market players, encouraging innovation and diversification within the sector.
