Situated at 120 Meyerland Plaza, the Meyerland store will be one of nearly 300 open in the United States and is part of a strategic growth initiative that stands to open approximately 40 locations in 2025. As with all the brand's stores, the Meyerland location will offer customers a no-obligation, free, personalized in-store fitting with a trained Good Feet Arch Support Specialist.

For more than 30 years, The Good Feet Store has been an innovator in foot health and wellness — and it starts with Good Feet Arch Supports. Consisting of three types of arch supports, the Good Feet Arch Supports System works in concert to provide

better pain relief, performance, balance and comfort. By focusing on all four arches in the foot, the supports are designed to keep the foot in the ideal position for the body, which helps to eliminate the pain felt in the feet, knees, hips and back. Proper alignment and support has helped thousands of customers return to the lives they love - from everyday work and activities to unforgettable trips and experiences.

“Everything is connected,” said Pamela Mehta, MD, a board-certified orthopedic surgeon and Chief Medical

Officer of Modern Performance + Recovery Brands. “Oftentimes people with low back pain, knee pain, or hip pain don’t even recognize that it’s actually coming from the poor support they have in their feet. The Good Feet 3-Step Arch Support System is clinically proven to provide significant pain relief in only 4 weeks*, as found in an academic study conducted with Dr. Adam Landsman from Harvard Medical School and Massachusetts General Hospital.”
