

Helotes Pediatric Dentistry & Orthodontics Launches FOREVERSMILE Retainer Assurance Program

The FOREVERSMILE program offers peace of mind for families by ensuring affordable, ongoing access to replacement retainers after orthodontic treatment.

HELOTES, TX, UNITED STATES, June 30, 2025 /EINPresswire.com/ -- Helotes Pediatric Dentistry & [Orthodontics](#) is excited to unveil the launch of its [FOREVERSMILE Retainer Assurance Program](#), a new initiative designed to help children, teens, and adults maintain their beautifully aligned smiles well beyond the completion of orthodontic treatment.

Retainers are the most critical part of preserving orthodontic results—yet they're often lost, damaged, or simply forgotten. With the FOREVERSMILE program, Helotes Pediatric Dentistry & Orthodontics is tackling this issue head-on by offering patients a reliable, affordable, and accessible solution for long-term retainer replacements.

Why FOREVERSMILE?

Dr. Noor Mansouri, board-certified orthodontist at Helotes Pediatric Dentistry & Orthodontics, explained the need for this new offering:

“The biggest threat to a straight smile is retainer neglect. Even one missed night can lead to teeth shifting. FOREVERSMILE is our way of making sure that never happens. With this program, parents and patients know they'll always have access to high-quality replacement

Helotes Pediatric Dentistry & Orthodontics

retainers—without the stress or unexpected cost.”

Under the FOREVERSMILE program, patients who have completed orthodontic treatment at the practice can enroll to receive:

Unlimited retainer replacements (based on eligibility and clinical need)

Custom-fit retainers made with the latest materials

Affordable pricing, with no need to pay full out-of-pocket fees for every new retainer

Easy reorders with quick turnaround times

This long-term smile protection program is available for both traditional braces and Invisalign patients, and it’s open to children, teens, and adults.

Designed With Families in Mind

In Helotes and surrounding communities like San Antonio, Leon Valley, and Grey Forest, many families juggle busy schedules and growing dental needs. The team at Helotes Pediatric Dentistry & Orthodontics has made it a priority to offer flexible and family-friendly solutions—and FOREVERSMILE is a natural extension of that philosophy.

The program removes one of the biggest post-treatment concerns for parents: What if their child loses a retainer? What if it breaks or doesn’t fit anymore after a growth spurt?

“FOREVERSMILE eliminates guesswork and panic,” said one of the practice managers. “Parents can focus on their kids’ daily lives, and we take care of their smiles for the long haul.”

Aligned With Clinical Excellence

Helotes Pediatric Dentistry & Orthodontics is known for its comprehensive, child-focused care, and this program underscores its continued dedication to post-treatment success.

The team offers:

Pediatric orthodontics starting as early as Phase 1 treatment

Full-service Invisalign and metal braces for kids and adults
Sedation dentistry, emergency pediatric care, and special needs dentistry
State-of-the-art technology, including 3D imaging for precise retainer fittings

Local Smiles, Lifelong Support

The FOREVERSMILE program isn't just a product—it's a promise. It aligns with the practice's mission to support children's oral health from their first cleaning through graduation photos and beyond.

"We don't just straighten teeth," Dr. Mansouri added. "We build relationships with families and help kids grow up smiling with confidence. FOREVERSMILE gives them the tools to protect that confidence for life."

Enroll Today

Parents and patients interested in enrolling in the program can speak with a treatment coordinator during their next visit or call the office directly. The Helotes team offers [free orthodontic consultations](#), so it's easy to learn more about treatment options and retainer plans at no cost.
