*A richly illustrated fantasy for ages 6–11, with diverse characters and themes of courage, secrecy, and self-trust.*

HOUSTON, TX, UNITED STATES, June 27, 2025 /EINPresswire.com/ -- A captivating new children's book is making waves in the literary world, combining rich cultural themes, fantasy adventure, and beautiful illustrations. "Animal Warriors: Adventures of Ejike and Chikere – A Call Comes" invites readers ages 7–10 into a world where ordinary twin siblings must answer an extraordinary call—one that could change the course of their lives and the future of otherworldly dimensions.

Written by [Spot Johnie Marx](#), a Houston-based educator and publisher at Lone Blue Wolf Publishing, the book centers on Ejike and Chikere, school-aged Black twins who find themselves faced with a life-changing decision: whether to leave the comforts of family and friends behind to follow a mysterious call into the unknown. With school, friendships, and personal safety weighing on their minds, the twins must learn to trust their instincts, embrace courage, and navigate a realm where animal communication and secrecy are keys to survival.

The first in a progressive series, *A Call Comes* blends imaginative storytelling with culturally inclusive characters and ethical dilemmas that young readers can relate to. The book explores themes of bravery, secrecy, rule-following, and the delicate balance between obedience and destiny. It features 44 pages of original content and vivid illustrations that reflect the diversity of its characters and readers.
