

# New Single 'Dim the Lights' Brings a Slow Dance Through Emotional Storms

LOS ANGELES, CA, UNITED STATES, July 1, 2025 /EINPresswire.com/ -- Not every fight ends in silence. Some end in a slow dance.

With her upcoming single "[Dim the Lights](#)," out July 4, singer-songwriter and producer Anjalts returns with a soulful new single, "Dim the Lights," that drops on July 4th. Lifted from her forthcoming third album, the track unfolds like a whispered conversation in the aftermath of an emotional storm—where hearts are heavy, but hope still lingers.

Built on a scaled-back arrangement of acoustic guitars, ambient textures, and deep-sounding bass, "[Dim the Lights](#)" channels the kind of late-night

vulnerability that can only emerge when words fail and touch becomes the only language left. It's a tender yet unflinching piece, shaped by Anjalts' signature ethereal tones and fearless lyrical storytelling.

"You just can't go past all the rage in your eyes"

“

Let's just slow dance... it's the one thing we know we got right."

"Let's just slow dance... it's the one thing we know we got right."

These lines center a clear choice for two people in mid-collapse, choosing closeness over silence. There's something deeply intimate about the way Anjalts frames this emotional standoff: not as a moment of finality, but as

a choice to reconnect, to lean into familiarity rather than retreat into the ego.

"This album reflects an inner perspective of those hidden, unspoken vulnerabilities in

relationships,” says Acen Sinclair, engineer at IXO Music. “Even though the production is minimal—mostly acoustic guitar and bass—it leaves space for the message to breathe. There’s a subtle, catchy beat in the background that lifts the chorus, while Anjalts softens her vocals into this calm resonance that genuinely feels like the lights are dimming.”

That sonic restraint is precisely what gives the song its emotional gravity. While rooted in indie pop and soft rock, “Dim the Lights” also carries the dreamlike introspection that’s become a hallmark of Anjalts’ sound—a natural evolution from her first two albums, where genre boundaries were always fluid and secondary to emotional truth.

Her upcoming third album, still untitled, promises a more introspective, acoustic journey—less polished, more personal. If “Dim the Lights” is any indication, it’s a body of work that doesn’t shy away from the gray areas in love, where vulnerability and strength exist side by side. There’s a quiet power in the idea that sometimes, what saves a relationship isn’t resolution—but rhythm. A dance. A pause. A willingness to feel rather than fix.

“Dim the Lights” will be available on all major streaming platforms on July 4th!
