

New Book 'Project Management for Everyone' Empowers Anyone to Lead Modern Projects Successfully

"Project Management for Everyone" by Peter Jaworowicz guides professionals to lead projects confidently with clear steps and real-world tips.

SAN FRANCISCO, CA, UNITED STATES, July 7, 2025 /EINPresswire.com/ -- In today's world, where strong project management can open doors to success for both careers and businesses, [Project Management for Everyone](#) is designed to empower professionals at every level to feel confident and capable.

Written by project management expert

Peter Jaworowicz, PhD, MBA, PMP, this approachable guide draws on his experience leading projects for major Fortune 500 companies. He is the author of *The Growth Mindset in Project Management*, listed among Amazon category bestsellers. Based in Silicon Valley, Jaworowicz guides [readers](#) step by step through transforming ideas into tangible results.

“

This book is for anyone who wants to bring order to chaos. You don't need a title to manage projects—you just need the right mindset and tools. It's for entry-level project managers and professionals.”

Peter Jaworowicz, PhD

Your guide to leading projects with confidence and clarity.

With a friendly tone and straightforward advice, *Project Management for Everyone* removes the guesswork from leading projects of any size. Readers will learn how to define clear goals and scope, set timelines and budgets they can stick to, and inspire their teams to deliver their best work. The [book](#) also shares practical ways to manage risks, keep stakeholders informed, and adapt to changing plans - skills essential for managing ambiguity in today's business environment.

From Agile and Waterfall to hybrid approaches, Jaworowicz explains how to pick the right method for every project. Readers will also discover how AI-powered tools can help them collaborate more smoothly, stay organized, and measure progress with confidence.

Project Management for Everyone is filled with real-world examples, easy-to-follow steps, and a helpful glossary of key project management terms. Whether PMP® or Agile certification is being pursued, a team is being led, or a business is being run, this guide provides the knowledge and skills needed to achieve results.

Who Should Read This Book?

- Aspiring project managers seeking to launch a successful career in project management
- Professionals who want to work more efficiently and confidently
- Team leaders and entrepreneurs who need to deliver on time and on budget
- Anyone managing deadlines, people, and complex tasks
