Forever 27, Medical Boutique Studio in Mississauga, Ontario, is excited to announce the addition of the Candela Matrix®, a state-of-the-art laser system.

MISSISSAUGA, ONTARIO, CANADA, June 30, 2025 /EINPresswire.com/ -- [Forever 27](#) Inc. is excited to introduce the Candela [Matrix®](#) to its lineup of cutting-edge aesthetic treatments. This advanced device is poised to enhance the quality of their services, delivering exceptional results in skin rejuvenation and more.

About The Matrix®

The Matrix® system introduces a new era of radiofrequency (RF) microneedling. Engineered to treat, preserve, and revitalize skin through every stage of aging, it supports a youthful appearance as part of a proactive skincare approach. Featuring the latest Matrix Pro® applicator, it delivers personalized treatments tailored to each patient's unique needs. The Matrix® system is crafted to resurface the skin, smooth wrinkles, restore volume, and strengthen overall skin structure.

What sets this groundbreaking system apart is its integration of impedance monitoring and Depth Intelligence™ technology, which delivers real-time feedback to help ensure consistent, high-quality results for every patient.

By working at up to 3 depths with a single insertion, this multi-application system is radiofrequency, intelligently redefined. The Matrix® Pro Applicator is equipped with an array of the thinnest microneedles on the market that deliver short-pulse RF energy to the skin in a fractional manner. Treatment outcomes include new collagen creation and marked improvement in overall skin appearance and texture.
