

# Omnigence Asset Management Launches Fundserv Access, Expands Advisor Reach Across Canada

CALGARY, ALBERTA, CANADA, July 4, 2025 /EINPresswire.com/ -- Omnigence Asset Management, a Canadian-based alternative investment platform, is pleased to announce that multiple funds on its platform are now accessible via Fundserv, Canada's leading investment fund transaction processing network. This move marks a major step in making Omnigence's differentiated strategies available to a broader network of IIROC advisors, family offices, and discretionary portfolio managers.

"We're proud to take this step toward broadening access to truly alternative strategies," said Matt Barr, Director at Omnigence. "Advisors are demanding more than traditional fund structures rebranded as 'alts'. They want genuine diversification, income, and transparency — and we're delivering just that."

#### Fundserv Codes Now Available:

- Veripath Partners – Canadian row-crop farmland (QWE630, QWE631)
- Arvore Partners – Lower-market private equity with cash-flow focus (QWE851, QWE853)
- Genivent Partners – Secondary private equity opportunities (launching Q3 2025)
- Corpus Partners – Canadian healthcare roll-up strategy (expected Q4 2025)

These funds are now accessible to approved advisors through their existing Fundserv dealer systems. Omnigence will also be hosting a national advisor roadshow this fall to highlight how these niche, institutionally underweight sectors can support portfolio resilience and consistent distributions.

#### Why It Matters:

Omnigence focuses on what it calls "the structurally overlooked" — opportunities that exist

outside of traditional institutional mandates but offer long-term capital preservation and compelling risk-adjusted returns. From Canadian farmland and private healthcare roll-ups to discounted secondary interests, each fund is designed with investor alignment, liquidity options, and operational transparency at its core.

The Fundserv launch also coincides with Omnigence crossing CA\$1 billion in platform assets, a milestone that reflects growing advisor demand for tangible, non-correlated alternative strategies.
